- Earl Miller Jr. (814)285-1063 or 652-2030
- Bob Ault (814)652-6294
- Jim Way (814)285-2404

We are not necessarily recommending these contractors; we are simply providing a list of contractors who have the equipment. You do not need to use anyone on this list. You may hire whomever you wish or do the work yourself. Try to lower your costs by coordinating with your neighbors when hiring a contractor. Contractors may lower rates if they can do several homes in one area. Rates will vary along with the scope of work from property to property. We suggest that you shop around.
